Re: New Mystery Afoot in Chelmsford...

We have discussed your case here at ACME Central and I have been assigned to help you. I have reviewed the clues and have the following suggestions:

- I hope you have wifi. If not, you can always try to park outside the local pet store. The password I like to use is GILLS4EvA...feel free to try it on random wifi networks in your area...
- I have tried to follow the clues but I forget what I am looking for. I get into it, but a half a minute in I have to reread the last clue, it's like my memory is only 30 seconds long...how about you?
- Who is this Leanna Thuniaz? Why did she mail such a mysterious letter to a CAT? I think you should be checking on all the cats in your community... in fact counting cats could be a useful task. Get right on it! Let me know if I can be of help...I will expect a report each week.

Yours truly,
Bruce
