In Matthew 16:18, Jesus says He will build His Church. By starting the Church, Jesus started a movement — people united around the idea that through one man we can have a relationship with God and by following Him we can change the world. God’s plan to change the world is the global Church working in unity to change the hearts of all people by telling them about Jesus. The Gospel changes people’s hearts, creating a lasting change that impacts our families, our friends and our communities.

Financial investments in God’s work will never disappoint because the return is not financial, it’s spiritual. Only the Church has the power to make an investment that could change someone’s life forever. Your INvestment in All Saints’ means God’s work here continues. Its a show of faith and love to ensure this parish remains an important part of our community.

Today you have an opportunity to pledge your commitment to God’s work. To give of yourself for Jesus as he gave for us.
